Re: Change in status of signal conditioning and network I/O models

Dear Customer,

Our records indicate that your company has purchased one or more of the products listed below that are slated to be discontinued. These products can no longer be sustainably manufactured. In many cases, key components are no longer available. As a result, Acromag has elected to End-Of-Life these products.

Acromag is offering a last time buy opportunity before these models are retired on 11/1/2022. As indicated below, some models have a very limited quantity available in stock. Units without stock will require a minimum order of three units. Please consider this official field notification that Acromag is discontinuing the sale of the following models.

Please contact an Acromag sales associate at the factory to discuss your requirements and potential alternatives for your application.

Model #	Availability
5261-ISOLATOR	Limited quantity available
